POLITICAL PROGNOSTICATIONS!

I'd almost bet a two-holed donut that George Smathers of Miami does not make the race against Senator Claude Pepper. His would-be supporters in the senatorial race have been trying for three months to get a commitment out of the young attorney to the effect that he will run against Pepper. He has been touring the state and mayors have found out how strongly entrenched Pepper is in all sections.

Remember J. R. Yearwood from the 1936 race when Fred Cone was elected governor? That year there were 13 or 14 candidates in the governor's race. Yearwood, now of Fort Meade, was a contender that time. Yesterday he announced his candidacy for Pepper's seat in the senate. I don't expect him to qualify when the deadline comes.

February 1 is deadline for qualifications in the race for seats in the state legislature. Many state senators will have opposition and many members of the lower house will find themselves with opponents.

State Senate President Designate Wallace Sturgis of Ocala up in Marion county will find himself with at least two opponents after Feb. 1. Perennial Candidate Buddy Baskin of Anthony in Marion county will toss his hat into the ring determined to unseat Senator Sturgis. No matter what the outcome it will be a battle royal. Baskin is a scrapper and a good stump speaker.

Speaker of the House Designate B. Elliott of Pahokee will, in all probability, pull through without any opposition. Rumblings on the East Coast of the county are to the effect that young "Buddy" Dickinson of West Palm Beach will throw his hat into the ring in an effort to snare the House seat now held by John Bollinger. If this race materializes voters are in for some high-powered oratory, since both chaps are eloquent and outstanding speakers.

Crippled Children Society To Open Home

The Palm Beach County Crippled Children's Society will hold open house at the new home on Royal Palm Way in Palm Beach on Thursday, Jan. 12, from 10 a. m. until 12 noon; 2 to 5 p. m., according to an announcement by Mrs. O. R. Beech, committee woman for the society in the Glades area. The new home, built through public subscription, has a modern clinic for use by crippled children in all Glades and East Coast communities, she said.

The Canal Point Parent-Teacher Association will conduct its January meeting in the school auditorium Monday at 8 p. m. Rev. Earl J. Jones will present the program and Mrs. Boyd Vorhes, president, will preside at the business session.

Officers Installed By Masonic Lodge

F. G. Gillis, newly elected worshipful master of Everglades Lodge 211, F&AM, and other new officers were installed in a special ceremony conducted by Lodge 211 at a meeting in the Masonic Hall Tuesday night. Joe Cherry of Belle Glade acted as installing officer. The meeting was opened by Perry E. Hall, retiring worshipful master.

Come On, Let's Go!

To the Garden Club,
Pahokee, Fla.,

To the City Council
Pahokee, Fla.,

To the Hospital Board,
Pahokee, Fla.,

Ladies and Gentlemen:

Many weeks ago county trucks hauled in fill on the new hospital grounds with the understanding that one or all of your groups would beautify the lot after the fill was in. The fill is in. County machinery graded the lot to perfection several weeks ago. It was ready for somebody to do something.

Today, the 5th day of January, 1950—not a day has been turned in an effort to beautify the lot. When are you going to do something—or are you? It seems to me that NOW—during this wet spell—would be a dandy time to set out shrubbery or grass or whatever you plan.

Those weeds growing around the nice freshly painted walls of the hospital may look like crotons to some visitors—but, I know they're weeds and so does the entire population of the Lake Region.

The hospital lot deal and the way it is being handled since the fill was put in is sorta disheartening to those of us who laid aside other duties to get the place ready for beautifying.

Yours with hope,
Paul Rardin.

Lake Lytal and Paul Rardin Hold Top Spots On County Commission For New Year

LAKE LYTAL
Chairman
West Palm Beach

PAUL RARDIN
Vice Chairman
Canal Point

Chairman Lake Lytal of West Palm Beach and Vice-Chairman Paul Rardin of Canal Point were unanimously re-elected to head the Palm Beach county commission at the annual reorganization meeting of the board held in the courthouse Tuesday morning.

Lytal was nominated to succeed himself by Vice-Chairman Rardin. In turn, was nominated for another year in the vice-chairman's post, by Commissioner C. Y. Byrd, of Delray Beach. Commissioner John Prince, of Lake Worth, seconded both nominations.

In proposing Lytal for a second consecutive term as chairman, Mr. Rardin pointed out that in the year ended the county had launched a widespread improvement program for roads and other facilities and said that Lytal was familiar with work planned for the future and had fully cooperated with every member of the board in carrying out its aims.

In nominating Vice-Chairman Rardin to succeed himself, Commissioner Byrd said: "I am placing in nomination the man who has done the most outstanding work in his district in the 18 years he have been a member of this board. Paul Rardin is the man who has been responsible for great

accomplishments in District No. 5.

"It was once the custom of this board to rotate the posts of chairman and vice-chairman, but I believe that experience is a valuable asset. Mr. Rardin has the training and the ability to act as chairman. However, now that he has nominated Mr. Lytal for Chairman I feel that his continuation as vice-chairman will be of great advantage to the board and the county."

Following the unanimous selection of Lytal and Rardin, Commissioner Prince proposed that all departmental heads and employees be continued as in the past on the usual month to month basis. The motion was supported by Commissioner Rardin and unanimously adopted.

The reorganization ceremony was brief and a spirit of harmony was indicated in the unanimity of the board on all motions. Circuit Clerk J. Alex Arnette presided briefly while the elections were in progress.

The board voted to meet in special session at 10:30 a. m. Friday to consider a primary, state and county road program for the coming year so that the plan may be ready for action at the regular commission meeting on Monday, Jan. 9.

Jack Bell To Speak Before Pahokee PTA

Jack Bell, Miami Herald columnist, will be guest speaker at the January meeting of the Pahokee Parent-Teacher Association to be held in the high school auditorium Tuesday, Jan. 10, at 8 p. m. The meeting, originally scheduled for Monday night was postponed until Tuesday in order that Mr. Bell would be able to speak. Mrs. Mildred Schoepel, program chairman, will introduce Mr. Bell and Mrs. Horace Unwin, president, will preside at the business session.

Post Office Will Be Open At Noon

Postmaster Osceola Upthegrove of Canal Point announced yesterday that his office will be open during the noon hour in the year 1950. Several years ago the postal inspector suggested that the office be closed during the hour from 12:30 to 1:30 p. m. However, Mr. Upthegrove said yesterday: "We want to render as good a service as possible. I believe the patrons of the office will appreciate the extra hour of service, therefore we plan to give it in 1950."

Roadside Trees Fram Truck Tops; Prove Expensive

Owners of large semi-trailers operating over roads around Lake Okeechobee are up in arms about the manner in which limbs on the "beautiful" trees are beating trailer tops to pieces. Again Wednesday morning County Commissioner Rardin had another call from one of Palm Beach county's largest industries asking for help to have the trees removed or topped. "They have just beat a \$4,000 trailer to pieces," the operator told Rardin. He referred to the trees between Six Mile Bridge and Belle Glade.

Trees between Pahokee and Belle Glade are daily doing untold damage to semi trucks operating between the two towns. One Pahokee operator of several large trailers has sought relief for more than a year in order that his trucks might not be torn to pieces by the tree limbs.

These massive and highly expensive semi trucks are necessary in the economy of the Lake Region. Our farm products must move and certainly their movement should not be hindered by overgrown, useless, unsightly, hazardous, perilous and worthless trees alongside the highways.

The State Road Department has promised to do something about the trees in order that they may not become a traffic hazard during hurricane season. On Christmas Day 1949—during the high wind and rain, several of the trees were blown across the roads and Highway Patrolmen were called out to clear them away.

The trees are a hazard any day in the week. They should be removed in toto. They should be replaced with proper steel fencing and heavy posts to protect motorists from the roadside canals.

Now, maybe somebody will be quoting Joyce Kilmer's poem titled "Trees."

CHURCH OF CHRIST SCIENTIST

"SACRAMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, January 8.

The Golden Text is: "The preparations of the heart in man, and the answer of the tongue, is from the Lord . . . Commit thy works unto the Lord, and thy thoughts shall be established" (Prov. 16: 1, 3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, I will send my messenger, and he shall prepare the way before me; and the Lord, whom ye seek, shall suddenly come to his temple," (Mal 3:1 to 5th.).

The Lesson-Sermon also includes

the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We should strive to reach the Horeb height where God is revealed; and the cornerstone of all spiritual building is purity. The baptism of Spirit, washing the body of all the impurities of flesh signifies that the pure in heart see God and are approaching spiritual Life and its demonstration" (241: 24).

WPB Water Company Plea Falls On Deaf Ears Of County Board

County Commissioner Vice-Chairman Paul Rardin, of Canal Point, wholeheartedly supported his colleagues Tuesday when the commission refused a plea of the West Palm Beach Water Co., to delay turning over to the city of West Palm Beach property in the watershed for development as a subdivision.

The commission had earlier instructed County Attorney Harry Johnston to cooperate fully with West Palm Beach in obtaining this so-called Gruber tract as a site for future homes.

John B. L'Engle, of Jacksonville, attorney for the water company, together with L. C. Haines, vice-president, and John Simmons, plant superintendent, told the com-

mission the Gruber property was needed by the utility for the development of its long range plans.

When Commission Chairman Lake Lytal replied that the county had already agreed to cooperate fully with the city, and had no intention of delaying its plans, Rardin told the water company delegation that "we must make plans for the future."

The Canal Point commissioner agreed with his colleagues that the water company had objected to many county development plans in the area north of Okeechobee road, to Jupiter and that the water company could not stand in the way of developing a metropolitan area.

"Inasmuch as the board has already gone on record as planning to cooperate with the city," Rardin said, "I see no need for any further action on the part of the board."

Following Rardin's statement the board turned to other business.
